

Our Circle

A 501(C)(3) NONPROFIT BUILT BY SPECIAL NEEDS PARENTS

Find families who understand yours.

Connect with other parents raising children with autism, disabilities, and other support needs. Find friendship, plan playdates, and build community together.

OUR WHY

Our Circle began with two fourth birthdays. Sterling wished for a friend as he blew out his candles. Years earlier, Eli was the first of five siblings to have no friends at his birthday party. We built the place we wished we'd had, so no family has to find their people alone.

WHAT OUR CIRCLE DOES

Families can:

- Connect with parents raising children with autism, developmental disabilities, chronic medical conditions, and other support needs
- Set up playdates and real-world meetups with local families
- Discover inclusive events, businesses, resources, and family-friendly places
- Build stronger, lasting relationships within their local community

Safety and privacy, built in:

- Parent/guardian-only community with available identity verification
- AI moderation and protections against spam, scams, and harm
- You control what you share and who can connect with you
- A commitment to never sell or share family data
- Protections against screen captures and recordings

GETTING STARTED

1 Download Our Circle
Free on iPhone and Android.

2 Create your profile
Set up your parent or guardian profile.

3 Say hello
Discover families, say hello, and explore groups and events.

"Real families building real connection through Our Circle."
